Did you know that over 800,000 Australians visited these destinations last year?

The Eastern Mediterranean Tourism Association will be holding a series of consumer Travel Bazaars later this year. These events are designed to promote travel to the Eastern Mediterranean and also broaden the travellers knowledge of this unique part of the world. Entry to the public is free!

EMTA is very excited about these bazaars and believe they are an innovative way of disseminating travel products, valuable information and knowledge to the community.

So, come on....join the bazaar and talk directly with travellers and help drive the Eastern Mediterranean business through your door. See you there!!
